BILL TEN EYCK HAS ALWAYS BATTLED THE BULGE. HE SAYS SINCE HIS FORTIES, HE'S SUFFERED THREE HEART ATTACKS AND WATCHED THE NUMBERS ON HIS SCALE GO UP AND DOWN LIKE A YO-YO. HIS CARDIOLOGIST COULDN'T FIGURE OUT WHY HIS WEIGHT WAS FLUCTUATING, SO HE SUGGESTED TEN EYCK SEE A SLEEP SPECIALIST. I MADE THE ASSUMPTION THAT MY FATIGUE AND MY INABILITY TO DO THINGS WAS BECAUSE MY HEART WAS JUST FAILING. TEN EYCK WAS DIAGNOSED WITH SLEEP APNEA. HIS TESTS FOUND SOME EVENINGS HE'D STOPPED BREATHING 33 TIMES IN ONE HOUR. HE WASN'T GETTING REST. AND THAT WASN'T HELPING HIS HIS WEIGHT. NOT ONLY DOES A LACK OF SLEEP ZAP YOUR ENERGY, BUT STUDIES HAVE FOUND THAT SLEEP DEPRIVED PEOPLE JUST SEEM TO EAT MORE . DOCTORS SAY CHAOTIC SLEEP PATTERNS TEND TO DEVELOP CHAOTIC EATING HABITS. AND THAT CAN MESS UP YOUR METABOLISM, AND CAUSE YOU TO BURN LESS CALORIES. RESEARCHERS HAVE ALSO FOUND THAT PEOPLE WHO GOT FOUR HOURS OF SLEEP OR LESS A NIGHT SAW A RISE IN THE HORMONE, GHRELIN, THAT STIMULATES THE APPETITE AND CAUSES PEOPLE TO EAT. THEY GOT THESE PATIENTS TO SLEEP BETTER, AND WHEN THEY REPEATED THE LEVELS OF THESE HORMONES, THEY FOUND THAT THE LEVEL DIMINISHED SIGNIFICANTLY. TODAY, TEN EYCK IS WORKING ON KEEPING THE POUNDS OFF. HE USES A C-PAP DEVICE TO HELP REGULATE HIS BREATHING - IT BLOWS AIR THROUGH HIS NOSE, AND KEEPS HIS AIRWAYS OPEN. HE SAYS IT'S BEEN A LIFESAVER, BECAUSE FOR ONCE IN HIS LIFE, HE'S GETTING A GOOD NIGHT'S SLEEP.

WILLIAM DOHERTY IS GRATEFUL TO BE ABLE TO WALK AGAIN THANKS TO HIS NEW STAINLESS STEEL KNEE. BUT HE STILL HAS TROUBLE MOVING AROUND... "I CAN'T KNEEL DOWN. IF I GET DOWN ON THE FLOOR, IT'S HARD FOR ME TO GET UP." NOW MATERIALS SCIENTIST ROBERT HADDON IS WORKING ON AN ALTERNATIVE, DEVELOPING A WAY TO GROW BONE INSIDE THE BODY. HE'S USING THESE TINY CARBON STRUCTURES CALLED NANOTUBES. THEY'RE A HUNDRED-THOUSAND (100,000) TIMES FINER THAN HUMAN HAIR AND WORK AS A SCAFFOLD FOR GROWING NEW BONE CELLS. "IT'S THE HIGHEST STRENGTH MATERIAL KNOWN, YET EXTREMELY LIGHT IN WEIGHT." MEDIUM SHOT, HADDON WITH NANOTUBE MODEL HADDON'S HANDS TURNING NANOTUBE MODEL HADDON SAYS THE SCAFFOLD FORMED BY THESE NANOTUBES IS SIMILAR TO THAT OF OUR BONES' NATURAL SUPPORT

MATERIAL -- COLLAGEN . AS REPORTED IN THE JOURNAL "NANO LETTERS," FELLOW RESEARCHERS AT THE UNIVERSITY OF CALIFORNIA, RIVERSIDE CONFIRMED THAT BONE CELLS CAN START TO GROW ON THESE NANOTUBE STRUCTURES. BUT HADDON SAYS GROWING BONE CELLS IS STILL A LONG WAY FROM GROWING NEW BONE. "NOW WHETHER IT WOULD WORK .. WHETHER IT'S TOXIC, WE DON'T KNOW ANY OF THESE THINGS." MEDIUM SHOT, DOHERTY WALKS DOWN STAIRS BUT HE SAYS THIS RESEARCH IS ONE SMALL STEP TOWARDS HELPING THE BODY REPAIR OR REPLACE ITS OWN BROKEN BONES.

IT'S THE REASON MANY PEOPLE ARE SO TIRED THEY ARE LATE TO WORK, TOO TIRED TO DRIVE THEIR CAR OR EVEN HAVE SEX. HOW DO YOU RE-SET YOUR BODY CLOCK FOLLOWING THE TIME CHANGE? THE NSF SAYS KEEP YOUR NAPS SHORT AND DON'T TRY NAPPING TOO CLOSE TO BEDTIME. THAT WILL ONLY DISRUPT YOUR SLEEP. INSTEAD, TRY TO SLEEP FOR LONGER PERIODS THROUGH THE NIGHT FOR THE NEXT COUPLE OF DAYS. SET A REGULAR BEDTIME AND WAKE-UP SCHEDULE, INCLUDING WEEKENDS. GET PLENTY OF EXERCISE, BUT FINISH UP YOUR ROUTINE SEVERAL HOURS BEFORE YOU GO TO SLEEP. THE SAME GOES FOR EATING. THE NSF RECOMMENDS YOU FINISH YOUR MEAL OR SNACK TWO TO THREE HOURS BEFORE BEDTIME AND STAY AWAY FROM CAFFEINE, NICOTINE AND ALCOHOL DURING THAT PERIOD, TOO. IT'S BEST TO GRADUALLY RE-ADJUST YOUR SLEEP SCHEDULE BY GOING TO SLEEP OR WAKING UP 15 TO 20 MINUTES EARLIER BEFORE ANY TIME CHANGE.

THE NATIONAL SLEEP FOUNDATION -- WHICH FOUND LAST YEAR THAT AMERICAN ADULTS ARE NOT GETTING ENOUGH SLEEP -- NOW SAYS YOUNG PEOPLE AREN'T EITHER. THE GROUP'S ANNUAL SURVEY FINDS 78-PERCENT OF ADOLESCENTS SAID THEY NEEDED AT LEAST EIGHT HOURS OF SLEEP, BUT ONLY ABOUT ONE-HALF SAID THEY WERE GETTING IT. ALMOST 30-PERCENT OF YOUNG PEOPLE ADMITTED TO FALLING ASLEEP IN CLASS AT LEAST ONCE A WEEK. TWENTY-TWO PERCENT DOZED OFF WHILE DOING HOMEWORK. MORE THAN HALF OF TEENS SURVEYED ADMITTED THEY HAVE DRIVEN DROWSY IN THE PAST YEAR. OTHER STUDIES HAVE SHOWN DRIVING SLEEPY CAN BE AS DANGEROUS AS DRIVING DRUNK. AND CAN A FEW BARBELLS BENEFIT WOMEN RECOVERING FROM BREAST CANCER? A NEW STUDY LED BY UNIVERSITY OF PENNSYLVANIA RESEARCHERS SAYS LIFTING WEIGHTS CAN HELP WOMEN WHO HAVE HAD BREAST CANCER SURGERY FEEL BETTER. THE STUDY LOOKED AT 86 WOMEN BETWEEN FOUR TO 36 MONTHS AFTER SURGERY. ALL WERE TOLD TO LIFT WEIGHTS TWICE A WEEK TO STRENGTHEN MUSCLES. RESULTS SHOWED THAT WEIGHT TRAINING IMPROVED BOTH THE PHYSICAL AND MENTAL WELL-BEING OF THE PATIENTS. RESEARCHERS SAY WEIGHT TRAINING MAY HELP RETURN A SENSE OF BODY CONTROL TO THE BREAST CANCER SURVIVORS, WHICH COULD TURN INTO FEELINGS OF CONTROL IN OTHER AREAS OF THEIR LIVES.

THE FATTENING OF AMERICA IS SO OUT THERE, SO OBVIOUS, THE QUESTION HAS BECOME HOW DO WE GET THE MESSAGE THAT WE NEED TO REVERSE THE TREND? PERHAPS, THE MESSAGE IS SINKING IN, AT LEAST AMONG WOMEN. NEW RESEARCH RELEASED BY THE CDC SHOWS, AMONG WOMEN, NO SIGNIFICANT INCREASE IN OBESITY WAS OBSERVED BETWEEN 1999 AND 2004...ROUGHLY A THIRD OF FEMALES REMAIN OBESE. "WE WOULD LIKE TO SEE ALL AGE GROUPS LEVELING OFF WITH REGARDS TO THE FREQUENCY OF OBESITY IN THE FUTURE AND WOULD LIKE TO SEE THESE TRENDS CONTINUE IN THE NEXT SIX YEARS." NOW, EVEN THOUGH THE

WOMEN AREN'T GETTING MORE OBESE ON THE WHOLE, THEY DO HAVE TWICE THE RATE OF SEVERE OBESITY...COMPARED TO MEN. THE PROBLEM IS SEEN ESPECIALLY IN BLACKS. "WE KNOW THAT AFRICAN AMERICAN WOMEN IN THE UNITED STATES AVE THE HIGHEST FREQUENCY IN OBESITY AMONG ALL GROUPS. SPECIFIC RESEARCH NEEDS TO BE CONDUCTED TO FIND OUT WHY THIS DIFFERENCE AND SPECIFICALLY TARGET THIS." AND THERE'S EVIDENCE THAT FATNESS INCREASES THE AGING PROCESS. BUT HERE'S THE GOOD NEWS: MAYBE...JUST MAYBE...CALORIC EDUCTION COULD SLOW THE AGING PROCESS. I TRY NOT TO EAT A PIECE OF MEAT THAT IS BIGGER THAN MY FIST JUST BY EYING IT BASICALLY." THAT'S THE RIGHT IDEA. A NUMBER OF STUDIES HAVE SHOWN DECREASING CALORIC INTAKE BY 30 PERCENT IN LAB ANIMALS PREVENTS CHRONIC DISEASE AND PROLONGS LIFE SPAN. NEW RESEARCH IN HUMANS SHOWS A REDUCTION IN CALORIC INTAKE RESULTS IN A DECREASE IN FASTING INSULIN LEVELS AND BODY TEMPERATURE, TWO BIOMARKERS OF LONGEVITY. IT ALSO RESULTED IN LESS DNA DAMAGE...WHICH CAN CAUSE DISEASE AND SHORTEN LIFESPAN. "CALORIE RESTRICTION SEEMS TO REVERSE MANY OF THE METABOLIC PROCESSES THAT WE BELIEVE A RELATED TO SHORTEN LIFE SPAN. ANOTHER INTERESTING FINDING OF THIS STUDY IS APPARENTLY EXERCISE CAN SUBSTITUTE FOR CALORIC RESTRICTION IN THE WEIGHT LOSS PROCESS." IN FACT, THE STUDY IS THE FIRST TO REPORT A SIGNIFICANT DECLINE IN DNA DAMAGE IN RESPONSE TO CALORIE RESTRICTION IN HUMANS."THIS STUDY WAS ONLY A SIX MONTH OBSERVATION PERIOD AND ALREADY BENEFITS WERE SEEN, IF ONE COULD MAINTAIN A WEIGHT LOSS OF TEN PERCENT FOR TWO YEARS, THREE YEARS, OR FIVE I THINK STRONGER BENEFITS WOULD PROBABLY TURN UP."

MAYO CLINIC RESEARCHERS HAVE FOUND THAT SURGICALLY REMOVING A WOMAN'S OVARIES RAISES HER RISK OF DEVELOPING DEMENTIA OR COGNITIVE IMPAIRMENT LATER ON. WOMEN WHO HAD REMOVAL OF ONE OR BOTH OVARIES WERE COMPARED WITH WOMEN WHO HAD NO SURGERY. ALL WERE FOLLOWED OVER TIME TO SEE WHETHER THEY DEVELOPED DEMENTIA OR COGNITIVE IMPAIRMENT. THEY FOUND A ROUGHLY ONE AND A HALF TIMES INCREASED RISK OF DEMENTIA WITH SURGERY- WHICH WAS ESPECIALLY INCREASED IF A WOMAN HAS HER OVARIES REMOVED AT A YOUNG AGE-- BEFORE AGE 46, OR ONE OVARY BEFORE AGE 38. "ESTROGEN MAY HAVE A NEURO-PROTECTIVE EFFECT IN SOME CASES FOR CERTAIN DISEASE PROCESSES SUCH AS CERTAIN DEMENTIA AND POSSIBLY EVEN ALZHEIMER'S DISEASE // MEANING THE NERVE CELLS IN THE BRAIN ITSELF ARE ACTUALLY PROTECTED AGAINST THE RISK OF HAVING A DEGENERATIVE PROCESS LIKE DEMENTIA IN THE PRESENCE OF NORMAL OR SLIGHTLY INCREASED LEVELS OF ESTROGEN." THE AUTHORS SAY THE STUDY'S FINDINGS MUST BE DISCUSSED BY THOSE CONTEMPLATING ELECTIVE OVARY REMOVAL-FOR EXAMPLE, TO REDUCE THE RISK OF OVARIAN CANCER. BUT OTHER EXPERTS DISAGREE. "I AM QUITE CONCERNED ABOUT THE NUMBER OF PATIENTS THAT WERE INVOLVED, IT IS MUCH TOO SMALL OF A STUDY TO MAKE ANY RECOMMENDATIONS ON THE BASIS.///IF THERE IS AN INDICATION TO REMOVE THE OVARIES OR DO A OOPHORECTOMY THAT SHOULD TAKE PRECEDENCE OVER THE CONCERN OF THE DEVELOPMENT OF DEMENTIA OR ALZHEIMER'S RELATED TO THE LACK OF ESTROGEN." NOW, PREVENTION OF DEMENTIA USED TO BE ONE OF THE REASONS TO GIVE ESTROGEN AFTER THE

MENOPAUSE...TO KEEP BRAIN FUNCTION INTACT. BUT THIS HASN'T BEEN BORNE OUT IN STUDIES TO BE OF BENEFIT. "WE WERE HOPING THERE WOULD BE BENEFITS FOR COGNITIVE CHANGES, AGAIN WE DID NOT SEE ANY STUDIES RECENTLY THAT SHOW THAT THERE IS BENEFIT TO ESTROGEN REPLACEMENT AND LONG TERM THERAPY." SO WHAT CAN BE DONE, IF NOT ESTROGEN...IS TO LIVE A HEART HEALTHY LIFESTYLE. "THERE IS A SIGNIFICANT AMOUNT OF DEMENTIA IN THE UNITED STATES AND WESTERN DEVELOPED COUNTRIES THAT IS A DIRECT RESULT FROM STROKE AND HIGH BLOOD PRESSURE AND DIABETES WHICH ARE BIG RISK FACTORS SO IF YOU MODIFY THOSE RISK FACTORS YOU INDIRECTLY MODIFY YOUR CHANCE OF HAVING DEMENTIA FROM THOSE CAUSES."

"I'M REALLY CONCERNED THAT WE HAVE TO LIVE HERE, AND WE'RE NOT SURE AT THIS POINT WHAT TO DO ABOUT THIS MOLD SINCE WE HAD THE ROOF REDONE." TARA PARTISS HAS A POTENTIALLY SCARY PROBLEM ON HER HANDS...."AS YOU COULD SEE

THE MOLD IS MOSTLY AROUND THE NAIL HOLES THIS BLACK IT DOES SEEM TO BE SPREADING EVEN IN THE COLD WEATHER." "OBVIOUSLY MY CONCERNS ARE MY FAMILY AND THE HEALTH OF EVERYONE HERE, MY HUSBAND HAS ALLERGIES AND OCCASIONALLY THE CHILDREN GET HEADACHES AND IT MAKES US WONDER IS IT FROM THE MOLD?" IT COULD BE! AT FIRST, TARA HAD WHITE MOLD... FOUND IT IN HER ATTIC BECAUSE OF A LEAKY ROOF....CHEMICALLY TREATED THE AREA...AND STILL....MORE MOLD CAME BACK..THIS TIME....BLACK MOLD...THE SCIENTIFIC NAME IS STACHYBOTRIS-NOW, ALL MOLDS PRODUCE ALLERGENS, WHICH ARE SUBSTANCES THAT CAN CAUSE ALLERGIC REACTIONS, AND THE SYMPTOMS CAN BE SERIOUS. "THE MOST COMMON ONE IS ASTHMA OR BREATHING PROBLEMS; PEOPLE CAN BE SHORT OF BREATH, WHEEZE, SINUS PROBLEMS ARE VERY COMMON PEOPLE HAVE NASAL CONGESTION, HEADACHES ALL THE TIME THEY FEEL THEIR HEAD IS STUFFED UP ALL THE TIME." MOLD EXPOSURE CAN IRRITATE THE EYES, SKIN, NOSE, THROAT, AND LUNGS OF BOTH MOLD-ALLERGIC AND NON-ALLERGIC PEOPLE. BUT STACHYBOTRIS... IT'S NO ORDINARY MOLD...IT ALSO PRODUCES COMPOUNDS CALLED MYCOTOXINS. THESE MYCOTOXINS CAN CAUSE AUTOIMMUNE AND NERVOUS SYSTEM DISEASES."WHEN HE HEARD THAT MY DAUGHTER HAD ASTHMA AND MY HUSBAND FOR THE FIRST TIME EVER WAS USING AN INHALER WE DIDN'T AT FIRST THE CONNECT THE TWO. WE HAD TO LEAVE THE HOUSE." JOANNE HAGGERTY COULD TELL TARA WHAT HAPPENS WHEN BLACK MOLD GOES UNCHECKED. "IN FEBRUARY I STARTED TO SMELL A VERY DAMP SWEET UNUSUAL SMELL, AND A MONTH LATER IT STARTED TO GET WORSE." "WHEN I FIRST DISCOVERED THE SMELL IT STARTED OVER HERE AND THE PANELING CAME UP TO HERE AND WE REMOVED THE PANELING AND WE SAW THE BLACK MOLD WAS ALL ACROSS THIS ENTIRE WALL.""THE MINUTE WE REMOVED THE PANELING THE SMELL WAS JUST WOULD HAVE KNOCKED YOU OVER IT WAS AWFUL." FORTUNATELY, INSURANCE PAID FOR THE MOLD REMOVAL AND HOME REPAIR BY PROFESSIONALS SPECIALIZING IN THIS PROBLEM...BUT IT TOOK A MONTH! NOW, THERE'S ONE KEY FACT ABOUT MOLD: NONE OF THEM WILL GROW WITHOUT WATER OR MOISTURE. REMOVING THE SOURCE OF THE MOISTURE IS KEY...AND USING BUILDING MATERIALS THAT PREVENT THE MOISTURE FROM RETURNING IS RECOMMENDED."AT THIS POINT WE'RE JUST KIND OF LIVING WITH IT."THE FACT IS, GETTING RID OF IT CAN CHANGE THE HEALTH OF THE ENTIRE HOUSEHOLD."MY DAUGHTER HAS BEEN BETTER AND MY HUSBAND HASN'T BEEN ON AN INHALER ANYMORE."

LIKE SO MANY WOMEN, VANDERSTEEN WAS WORRIED AFTER A LARGE GOVERNMENT STUDY IN 2002 FOUND AN (GRAPHIC) INCREASED THE RISK OF BREAST CANCER, AS WELL AS HEART ATTACKS AND STROKES AMONG WOMEN TAKING HORMONE REPLACEMENT THERAPY TO RELIEVE THE SYMPTOMS OF MENOPAUSE. BUT THAT WAS COMBINATION THERAPY - ESTROGEN AND PROGESTIN TOGETHER. RESEARCHERS HAVE NOW FOUND VERY DIFFERENT AND ENCOURAGING RESULTS FOR WOMEN TAKING ESTROGEN ALONE-- THEY FIND NO OVERALL INCREASED RISK FOR BREAST CANCER - THAT'S GOOD NEWS -- IN ADDITION TO A RECENT FINDING OF NO INCREASED RISK OF HEART ATTACK. MARCIA STEFANICK/STUDY AUTHOR, STANFORD SCHOOL OF MEDICINE: IF YOU ARE A YOUNG WOMEN WHO IS TRYING TO DECIDE ABOUT TAKING ESTROGEN TO PREVENT HOT FLASHES AND NIGHT SWEATS AND OTHER MENOPAUSAL PROBLEMS THE NEWS IS GOOD. THE FREQUENCY OF SNORING REACHES ITS PEAK IN WOMEN AGES 50 TO 59. FREQUENT SNORING WAS FOUND TO INCREASE WITH ALCOHOL DEPENDENCE, SMOKING AND PHYSICAL INACTIVITY. ACCORDING TO AN EXPERT WRITING IN THIS WEEK'S BRITISH MEDICAL JOURNAL, THERE IS GOOD EVIDENCE THAT FETUSES CANNOT FEEL PAIN. THE BRITISH AUTHOR IS SPECIFICALLY CHALLENGING PROPOSALS IN HIS COUNTRY--AND IN THE U.S.-- TO TELL WOMEN SEEKING ABORTIONS THAT THEIR UNBORN CHILD WILL FEEL PAIN. HE SAYS THE NEURAL CIRCUITRY NECESSARY FOR PROCESSING PAIN CAN BE CONSIDERED COMPLETE BY 26 WEEKS' GESTATION. HOWEVER, HE ARGUES PAIN EXPERIENCE REQUIRES NOT ONLY DEVELOPMENT OF THE BRAIN BUT ALSO DEVELOPMENT OF THE MIND TO ESSENTIALLY EXPERIENCE THE PAIN. HE SAYS DEVELOPMENT OF THE MIND ONLY OCCURS OUTSIDE THE WOMB. THE AUTHOR DOES ACKNOWLEDGE THE ABSENCE OF PAIN IN THE FETUS DOES NOT RESOLVE THE MORALITY OF ABORTION. A TEAM OF UNIVERSITY OF MICHIGAN RESEARCHERS HAS LOOKED INSIDE THE HUMAN BRAIN AND CAPTURED THAT OOPS INSTANT WHEN SOMEONE MAKES A COSTLY MISTAKE. THEY FOUND THAT A PARTICULAR PART OF THE BRAIN CALLED THE ROSTRAL ANTERIOR CINGULATE CORTEX, OR RACC, BECOMES MUCH MORE ACTIVE WHEN A PERSON

NOW, THIS SAME AREA IS MUCH MORE ACTIVE IN OBSESSIVE COMPULSIVE DISORDER PATIENTS, WHO OBSESS AND FEAR EXCESSIVELY ABOUT MAKING ERRORS.THE AUTHORS HOPE THAT THIS KIND OF RESEARCH WILL HELP LEAD TO BETTER TREATMENTS FOR THESE PATIENTS.

IT'S LONG BEEN KNOWN THAT OBESITY CAN CAUSE DIABETES, HEART PROBLEMS, EVEN SLEEP DISORDERS. BUT NOW RESEARCHERS THINK PEOPLE WHO WERE OBESE IN THEIR YOUNGER YEARS, HAVE A GREATER CHANCE OF DEVELOPING HIP PROBLEMS LATER IN LIFE. THEIR STUDY LOOKED AT 1-POINT-2 MILLION ADULTS. IT FOUND PEOPLE WHO WERE HEAVY BEFORE THE AGE OF 25, WERE MORE LIKELY TO HAVE HIP REPLACEMENTS DUE TO SEVERE ARTHRITIS. ORTHOPEDISTS BELIEVE THE LONGER AN OBESE PERSON CARRIES EXTRA WEIGHT, THE MORE DAMAGE TO THEIR JOINTS.

BRAIN SCIENTISTS REPORT NEW FOOD FOR THOUGHT A STUDY OF 2,000 ELDERLY NEW YORKERS FINDS THAT THOSE WHO ATE HEALTHIER, MORE "MEDITERRANEAN STYLE" DIETS HAD SIGNIFICANTLY LOWER RISK OF DEVELOPING ALZHEIMER'S DISEASE. OVER A PERIOD OF FOUR YEARS, THOSE WHO ATE MORE FRUITS, VEGETABLES, FISH, GRAINS, BEANS, AND A BIT OF ALCOHOL, DEVELOPED ALZHEIMER'S LESS OFTEN THAN THOSE WHO ATE MORE MEAT AND DAIRY PRODUCTS. AND THE BETTER THEY SEEMED TO EAT THE BETTER THEIR BRAINS DID. PEOPLE WHO ATE THE MOST MEDITERRANEAN STYLE DIETS HAD THE LEAST ALZHEIMER'S. THE RESEARCHERS AREN'T SURE HOW MUCH A PERSON'S HEALTH BACKGROUND AND LIFE LONG FOOD HABITS MAY PLAY A ROLE, BUT THEY DID INDICATE THAT THE DIET INFLUENCE IN THE STUDY WAS SEPARATE FROM OTHER ALZHEIMER'S RISK FACTORS SUCH AS SMOKING, AGE, EDUCATION, AND RELATED MEDICAL PROBLEMS THAT ARE

RESEARCH HAS SHOWN THAT FRUITS AND VEGETABLES ARE THE FOUNDATION OF A HEALTHY DIET...NOW A NEW STUDY IN THE ANNALS OF NEUROLOGY SAYS CHOOSING A MEDITERRANEAN DIET--A DIET HIGH IN FRUITS, VEGETABLES, BEANS, BREADS, CEREALS, OLIVE OIL AND SOME FISH AND WINE, BUT SMALL AMOUNTS OF DAIRY AND MEAT--CAN REDUCE YOUR RISK FOR ALZHEIMERS ... IN NEW YORK CITY, RESEARCHERS STUDIED 2,258 PEOPLE WITH NO DEMENTIA. THEY WERE GIVEN A PHYSICAL AND NEUROLOGICAL EXAM, AND REASSESSED EVERY YEAR AND A HALF FOR 4 YEARS... THOSE WHO STUCK TO THE DIET SIGNIFICANTLY LOWERED THEIR RISK OF DEVELOPING ALZHEIMERS--ANYWHERE FROM 15 TO 40% DEPENDING ON THE LEVEL OF ADHERENCE--OVER THOSE WHO DID NOT. HAVING BREAST IMPLANTS DOES NOT INCREASE YOUR CANCER RISK ACCORDING A NEW STUDY IN THE JOURNAL OF THE NATIONAL CANCER INSTITUTE. RESEARCHERS LOOKED AT CANCER RATES IN NEARLY 3,500 SWEDISH WOMEN WHO HAD IMPLANTS FOR COSMETIC REASONS. THEY WERE FOLLOWED FOR MORE THAN 18 YEARS--THE LONGEST FOLLOW-UP STUDY OF IT'S KIND... RESEARCHERS FOUND THAT WHILE THE NUMBER OF CANCERS FOUND WAS LESS THAN PREDICTED FOR THIS POPULATION, WOMEN WITH IMPLANTS HAD AN INCREASE RATE OF LUNG CANCER. THEY SAY THE RESULTS MOST LIKELY REFLECT THE LIFESTYLES AND SMOKING HABITS OF THE WOMEN--NOT THE EFFECTS OF THE IMPLANTS.

WE'RE CONSTANTLY BEING PREACHED ABOUT THE IMPORTANCE OF CALCIUM FORTIFICATION SO THAT OUR KIDS GET IN ENOUGH OF THE BONE BUILDING MINERAL. BUT IN WHAT'S A BIT OF A CONTROVERSIAL CONCLUSION, A GROUP OF RESEARCHERS ARE SAYING EXTRA CALCIUM DOESN'T DO MUCH AT ALL. A NEW REVIEW OF MEDICAL LITERATURE IN THE HIGHLY REGARDED COCHRANE LIBRARY SURPRISINGLY CASTS DOUBT ON THE VALUE OF SUPPLEMENTS AND CALCIUM-FORTIFIED FOODS TO BUILD STRONGER BONES IN KIDS! THE REVIEW SHOWS THAT SUPPLEMENTING THE DIET WITH CALCIUM IN HEALTHY CHILDREN HAS LITTLE BENEFIT FOR BONE HEALTH. THEY SAY IN THE LONG RUN, BONE MASS DIDN'T IMPROVE MUCH. PEDIATRICIANS AND PARENTS ARE CONCERNED WITH CALCIUM INTAKE BECAUSE THEY WANT TO ENSURE THAT BOYS AND GIRLS ACHIEVE PEAK BONE STRENGTH IN CHILDHOOD, A TIME WHEN KIDS BUILD BONE AT AN ACCELERATED PACE. PLAYING INTO THAT CONCERN NOW ARE MANY PACKAGED FOODS MARKETING TO CHILDREN WHICH ARE FORTIFIED WITH CALCIUM, INCLUDING ORANGE JUICE, GRAHAM CRACKERS AND CHOCOLATE DRINKS. CHILDREN DO NEED ABOUT 1,300 MILLIGRAMS OF CALCIUM EACH DAY, ACCORDING TO THE NATIONAL ACADEMY OF SCIENCES. BUT A 1994 SURVEY FROM THE U.S. DEPARTMENT OF AGRICULTURE FOUND THAT KIDS TYPICALLY GET LESS THAN 1,000 MG A DAY, AND THE AVERAGE CALCIUM DEFICIENCY IN GIRLS IS EVEN GREATER. LAWNMOWER INJURIES ARE ON THE RISE, ACCORDING TO A NEW JOHNS HOPKINS STUDY. EACH YEAR, NEARLY 80,000 AMERICANS REQUIRE HOSPITAL TREATMENT FROM INJURIES CAUSED BY LAWN MOWERS. THE MAJORITY OF INJURIES OCCUR IN CHILDREN UNDER AGE 15 AND ADULTS AGE 60 AND OLDER. THE MOST COMMON INJURIES WERE CAUSED BY STRIKES FROM DEBRIS, SUCH AS ROCKS AND BRANCHES, PROPELLED BY THE MOWER'S SPINNING BLADES. THE AMERICAN ACADEMY OF PEDIATRICS RECOMMENDS THAT NO ONE UNDER AGE 16 SHOULD USE A RIDING MOWER, AND NO ONE UNDER AGE 12 SHOULD USE A PUSH MOWER. KIDS SHOULD ALSO STAY OFF THE LAWN WHEN IT'S BEING MOWED. MOWING AND NOT RIDE ON MOWERS. WHEN YOUR IBUPROFEN DOESN'T WORK FOR THAT LOW BACK PAIN...

OF THE ALMOST 800 WOMEN IN THE STUDY, ONLY ONE IN THREE HAD A REGULAR MAMMOGRAM IN THE FIVE YEARS AFTER THEIR CANCER TREATMENT. IT IS ESTIMATED THAT THERE ARE MORE THAN 2 MILLION BREAST CANCER SURVIVORS IN THE UNITED STATES-- ALL OF WHOM HAVE A HIGHER RISK OF DEVELOPING ANOTHER TUMOR. RESEARCHERS AREN'T SURE WHY THE WOMEN AREN'T MORE CAUTIOUS, BUT SAY THAT SURVIVORS ARE MORE LIKELY TO SKIP THEIR MAMMOGRAMS IF THEY ALSO DO NOT SEE A GENERAL PHYSICIAN OR GYNECOLOGIST. THEY SAY DOCTORS PLAY A PIVOTAL ROLE IN MAKING SURE WOMEN ARE SCREENED. BREAST CANCER IS THE MOST COMMON CANCER FOUND IN AMERICAN WOMEN. THEY SAY MARIJUANA MUST GO THROUGH THE SAME RIGOROUS CLINICAL TRIALS THAT OTHER DRUGS ARE PUT THROUGH IN ORDER TO ENSURE THAT THIS POTENTIAL MEDICATION IS BOTH SAFE AND EFFECTIVE TO THE PUBLIC. BUT THERE ARE MANY DISSENTERS IN THE MEDICAL COMMUNITY WHO SAY THERE IS ALREADY SUFFICIENT EVIDENCE THAT MARIJUANA MEETS MEDICAL STANDARDS FOR HELPING ALLEVIATE CERTAIN SPECIFIC CONDITIONS. IN FACT, THIS WEEK'S STATEMENT IS OUT OF SYNC WITH THE NATIONAL INSTITUTE OF MEDICINE'S ANALYSIS AND REPORT THAT MARIJUANA CAN BE EFFECTIVE FOR TREATING THE SEVERE NAUSEA, VOMITING, AND LACK OF APPETITE THAT PLAGUES CANCER PATIENTS. THE FDA SAYS THEIR STATEMENT WAS RELEASED SIMPLY TO CLARIFY THEIR POSITION ON THE ISSUE. THEY WILL NOT BE TAKING ANY LEGAL OR OTHER FORMAL ACTIONS ON THEIR STANDING.

IN THE INTERNET VIDEO, ABU MUSAB AL-ZARQAWI PROVES HE'S ALIVE AND WELL. AND HE GOES TO GREAT LENGTHS TO SHOW HE'S STILL A PLAYER. AFTER LAYING LOW FOR SIX MONTHS, THE MAN ONCE KNOWN FOR HIS MANY DISGUISES APPEARS WITHOUT A MASK. HE'S SEEN MEETING WITH FIGHTERS, SOMETHING AL QAEDA CHIEFS OSAMA BIN LADEN AND AYMAN AL-ZAWAHIRI HAVE NOT BEEN ABLE TO DO. THIS IS VERY MUCH A SHOW OF FORCE, ZARQAWI SEEMS TO BE VERY DEFIANT, SEEMS TO MOVE AROUND VERY FREELY AND VERY COMFORTABLY SO IT SENDS A VERY VERY STRONG MESSAGE TO THE U-S GOVERNMENT. AND TO MUSLIMS. ON THE HEELS OF BIN LADEN'S CALL TO ARMS AND THE DEADLY BOMBINGS IN AN EGYPTIAN RESORT TOWN, ZARQAWI GRABS THE SPOTLIGHT BY DECLARING VICTORY IN IRAQ AND PROMISING JERUSALEM IS NEXT. INTELLIGENCE ANALYSTS ARE STUDYING THE VIDEO FOR CLUES TO ZARQAWI'S WHEREABOUTS. HIS CAPTURE WOULD BE A HUGE PSYCHOLOGICAL BLOW TO THE INSURGENCY IN IRAQ. IN THE MEANTIME -- THE WAR ON TERRORISM IS ALSO BEING WAGED HERE IN THE U-S. A CALIFORNIA JURY RETURNED A VERDICT IN ONE OF THE CASES WORKING THEIR WAY THROUGH THE CRIMINAL JUSTICE SYSTEM. HAMID HAYAT -- A 23-YEAR OLD PAKISTANI-AMERICAN -- WAS FOUND GUILTY OF PROVIDING MATERIAL SUPPORT TO TERRORISTS BECAUSE HE ATTENDED AN AL QAEDA TRAINING CAMP. WE CAN PREVENT FURTHER ACTS OF TERRORISM BY WINNING CONVICTIONS AGAINST THOSE WHO WOULD PLOT DEADLY ACTS AGAINST OUR CITIZENS BEFORE THEY CAN ACT" HAYAT FACES A MINIMUM OF 30 YEARS IN PRISON. A VIRGINIA JURY IS STILL DELIBERATING THE FATE OF ZACARIAS MOUSSAOUI, WHO FACES THE DEATH PENALTY FOR LYING TO INVESTIGATORS ABOUT HIS PLAN TO FLY A PLANE INTO THE WHITE HOUSE. OTHER TERRORISM CASES ARE FACING LEGAL CHALLENGES OVER THE STATUS OF ENEMY COMBATANTS OR EVIDENCE GAINED THROUGH WARRANTLESS WIRETAPPING.

SHE GOT STANDARD CHEMO AND RADIATION THERAPY...BUT THERE WAS STILL SOME TUMOR LEFT. SO... SHE DECIDED TO ENROLL IN A CLINICAL TRIAL LOOKING AT AN EXPERIMENTAL TREATMENT USING DIPHTHERIA TOXIN TO KILL THE CANCER CELLS. "WE ARE PUTTING THE DIPHTHERIA TOXIN INTO THE CANCER CELLS THAT ARE IN THE BRAIN, WE ARE DOING THIS BY A UNIQUE MECHANISM OF LINKING THE DIPHTHERIA TOXIN TO SOMETHING CALLED TRANSFERRING. THE TUMOR CELLS IN THE BRAIN HAVE THINGS ON THEIR SURFACE WHICH LINK TO THE TRANSFERRIN THAT THEN BRINGS THE DIPHTHERIA TOXIN INTO THE CELLS AND THEN KILLS THEM." THE TOXIN IS DIRECTED RIGHT AT...AND ONLY AT...THE CANCER CELLS...AVOIDING HEALTHY CELLS IN THE BODY. "SO THE SIDE EFFECTS ARE REALLY QUITE MINIMAL, MOST OF THE PATIENTS HAVE FEW OR NO SIDE EFFECTS WITH DELIVERING THE TREATMENT." "I FEEL LIKE ANY TIME YOU CAN GO DIRECT TO THE CANCER YOU ARE AHEAD OF THE GAME." TO BE AHEAD IN THIS GAME IS A BIG GOAL ...DR. BENZIL SAYS THE MOST MALIGNANT BRAIN TUMORS HAVE AN AVERAGE SURVIVAL OF ONLY EIGHTEEN MONTHS DESPITE VERY AGGRESSIVE TREATMENT, WHICH TYPICALLY HAS DIFFICULT TO TOLERATE SIDE EFFECTS. "THE VISION OF THIS TRIAL IS THAT WE WILL SIGNIFICANTLY IMPROVE THE QUALITY OF LIFE FOR PATIENTS WHO HAVE BRAIN TUMORS AND ALSO EXTEND THEIR SURVIVAL, SOMETHING THAT HAS BEEN VERY CHALLENGING FOR US AS NEUROSURGEONS FOR THE LAST FIVE DECADES." IN THE EARLY PHASES OF THIS TRIAL, ABOUT FORTY PERCENT OF PATIENTS HAVE HAD A DRAMATIC RESPONSE. "THE TUMORS SIZE WAS REDUCED SIGNIFICANTLY AND THE PATIENTS SURVIVAL RATE WAS CONSIDERABLY LONGER, I THINK THE LONGEST SURVIVAL RATE RIGHT NOW IS ABOUT FIVE YEARS." IT MAY KEEP YOU UP AT NIGHT, BUT IT WON'T HURT YOUR HEART. TWO LONG-TERM STUDIES ON COFFEE DRINKING FINDS THAT EVEN JAVA JUNKIES HAVE HEALTHY HEARTS. THE STUDIES TOGETHER FOLLOWED MORE THAN 128,000 PEOPLE FOR 14-20 YEARS, SURVEYING HOW MUCH COFFEE THEY DRANK, WHAT KIND, AND IF THEY HAD ANY HEART PROBLEMS. THEY FOUND THAT DRINKING COFFEE HAD NO ILL EFFECTS ON CORONARY ARTERY DISEASE AT ALL. IN FACT, EVEN PEOPLE WHO DRANK SIX OR MORE CUPS A DAY HAD THE SAME NUMBER OF HEART ATTACKS AS THOSE WHO DRANK LESS THAN ONE CUP A DAY. CHOLESTEROL LEVELS - BOTH GOOD HDL AND BAD LDL - WERE ALSO UNAFFECTED BY LONG-TERM COFFEE CONSUMPTION. AND DRINKING DECAFFEINATED COFFEE AND TEA HAD NO HEART EFFECTS EITHER. THE RESEARCHERS DO POINT OUT THOUGH THAT THIS STUDY DOES NOT APPLY TO DRINKING UNFILTERED COFFEE, LIKE THE KIND MADE IN A FRENCH PRESS. THAT LITTLE PIECE OF PAPER THAT STANDS MAY BETWEEN YOU AND YOUR DAILY "CUP OF

HERE IN AMERICA, THE MEDICATIONS WHICH YOUR DOCTOR PRESCRIBES...WHICH YOUR PHARMACIST DISPENSES...ARE CAREFULLY STUDIED...GOING THROUGH NOT ONE, NOT TWO, BUT THREE PHASES OF CLINICAL TRIALS...USUALLY AT MULTIPLE MEDICAL CENTERS...INVOLVING TYPICALLY THOUSANDS OF PATIENTS OVER A COURSE OF YEARS. THE FOOD AND DRUG ADMINISTRATION OFTEN DECIDES TO APPROVE A MEDICATION BASED ON THE RECOMMENDATION OF AN ADVISORY COMMITTEE COMPOSED OF OUTSIDE SCIENTIFIC EXPERTS. BUT ACCORDING TO NEW RESEARCH IN THE JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION... AFTER ALL THE CAREFUL DATA COLLECTION.. THAT NEAR-FINAL STEP OF APPROVAL IS FREQUENTLY PUT INTO THE HANDS OF THOSE WITH CLOSE TIES OR A FINANCIAL INVESTMENT IN THE COMPANY MAKING THE DRUG, AND...IN THE OPINION OF SOME...DELIGITIMIZING THE ENTIRE DRUG APPROVAL PROCESS. OUT OF 221 MEETINGS, IN 73% THERE WAS AT LEAST ONE MEMBER WHO DISCLOSED A CONFLICT. PERHAPS THEY HAD BEEN PAID A CONSULTING FEE BY THE COMPANY, OR HAS RECEIVED A GRANT. OR MAYBE, HE OR SHE HAD A FINANCIAL INVESTMENT IN IT. DR. PETER LURIE OF THE PUBLIC CITIZEN'S HEALTH RESEARCH GROUP FOUND LED THE STUDY. "CONFLICT OF INTEREST AT ADVISORY COMMITTEE MEETINGS ARE COMMON, THEY'RE SIZE IS LARGE, AND WE FOUND A SMALL BUT IMPORTANT RELATIONSHIP BETWEEN THOSE CONFLICTS AND THE VOTING BEHAVIOR OF THE MEMBERS." AT 36 PERCENT...IN GREATER THAN ONE IN EVERY THREE ADVISORY COMMITTEE MEETINGS, MORE THAN HALF OF THE COMMITTEE MEMBERS HAD AFINANCIAL CONFLICT OF INTEREST. AND AS LONG AS THE AMOUNT WAS LESS THAN

100,000 DOLLARS, THE MEMBER COULD VOTE FOR THE DRUG. "YOU GET TO TALK AND CONVINCE OTHER MEMBERS OF THE COMMITTEE AND THEN YOU GET TO VOTE. WHAT WE HAVE IS SIGNIFICANT LARGE CONFLICTS OF INTERESTS." THERE HAVE BEEN QUESTIONS SURROUNDING THE APPROVAL OF MEDICATIONS LIKE VIOXX, AND THE RECOMMENDATION OF APPROVAL OF THE DIABETES DRUG MURIGLITAZAR, WHICH WAS AT THE LAST MINUTE SHOWN TO CAUSE CARDIAC DEATHS.... LURIE SAYS THIS FINAL STEP OF TAKING MEDICATIONS TO MARKET...THE RECOMMENDATION OF APPROVAL SHOULD COME FROM THOSE WITH LITTLE OR IDEALLY, NO CONFLICT OF INTEREST AT ALL. "UNTIL SUCH TIME THESE ADVISORY COMMITTEES WILL BE SEEN AT LEAST BY SOME IN THE GENERAL COMMUNITY AND BY SOME IN THE MEDICAL COMMUNITIES AS CONTAMINATED BY CONFLICT OF INTEREST AND THEIR RECOMMENDATIONS WILL HOLD LESS CREDIBILITY."

FRANK GUGLIELMELLI WAS SO SLEEP DEPRIVED HE WAS FALLING ASLEEP AT THE WHEEL. "CARS WOULD BE HONKING, AND YA KNOW, AWAY I WOULD GO. THAT'S KIND OF SCARY AND THEN I REALIZED THERE'S A PROBLEM." 53 YEAR OLD FRANK SAYS HE FELT AS THOUGH HE WAS LIVING LIFE IN A FOG, STRUGGLING TO GET THROUGH THE DAY, BARELY ABLE TO KEEP HIS EYES OPENED. AFTER VISITING HIS DOCTOR, HE WAS DIAGNOSED WITH SLEEP APNEA. FRANK SAYS HE HAD NO CLUE THAT HE HAD A SLEEP DISORDER...HE ATTRIBUTED HIS DECREASED ENERGY LEVEL AND FATIGUE TO WEIGHT GAIN AND JUST A PART OF GETTING OLDER. "PEOPLE CAN HAVE SLEEP DISORDERS THAT THEY REALLY AREN'T AWARE THAT THEY HAVE, THE BIGGEST PROBLEM, IS THAT MOST PEOPLE ARE NOT GETTING ENOUGH SLEEP. AND, THERE HAVE BEEN RECENTLY SOME STUDIES THAT SAY THE AVERAGE AMERICAN IS GETTING ABOUT 6 ½ HOURS A SLEEP PER NIGHT WHICH IS DEFINITELY BELOW THE

RECOMMENDED LIMIT." ACCORDING TO DR. ILENE ROSEN, OF THE UNIVERSITY OF PENNSYLVANIA DIVISION OF SLEEP MEDICINE, THERE ARE SIGNIFICANT WARNING SIGNS THAT MAY INDICATE YOU HAVE A SLEEP DISORDER. SLEEP APNEA IS ONE OF THE MOST COMMON SLEEP DISORDERS AFFECTING MORE THAN 12 MILLION AMERICANS. IT'S A CONDITION CHARACTERIZED BY TEMPORARY BREATHING INTERRUPTIONS DURING SLEEP. THE PAUSES IN BREATHING CAN OCCUR DOZENS, EVEN HUNDREDS OF TIMES A NIGHT. SYMPTOMS INCLUDE LOUD SNORING AND A GASPING OR SNORTING SOUND WHEN THE PERSON SLEEPING STARTS TO BREATHE AGAIN. "IF YOU DON'T HAVE A BED PARTNER TO TELL YOU THAT YOU ARE SNORING OR HAVE SLEEP APNEA, ONE OF THE THINGS THAT YOU CAN DO IS IF YOU NOTICE THAT YOU ARE GETTING UP A LOT DURING THE NIGHT TO GO TO THE BATHROOM." EXPERIENCING HEARTBURN DURING SLEEP, HYPERTENSION, DECREASED INTEREST IN SEX OR IMPOTENCE CAN ALL BE SIGNS OF SLEEP APNEA. WITH TODAY'S FRENETIC PACE, CATCHING THE RECOMMENDED, 8 HOURS OF SOLID ZZZ'S, IS A CHALLENGE. DR. ROSEN SAYS THAT FOLLOWING SOME SIMPLE STEPS AND PLANNING, YOU CAN GET THE SLEEP YOUR BODY DESERVES AND DESPERATELY NEEDS. NEVER EXERCISE OR EAT WITHIN THREE HOURS OF GOING TO BED. THE CHEMICALS THAT INCREASE IN YOUR BODY IMMEDIATELY AFTER EXERCISING AND EATING ARE ASSOCIATED WITH INCREASED WAKEFULNESS. KEEP REGULAR HOURS, GO TO BED AT THE SAME TIME AND GET UP AT THE SAME TIME EVERY DAY. STAY AWAY FROM ALCOHOL AND STIMULANTS LIKE CAFFEINE DURING EVENING HOURS. "IN FACT, PEOPLE FALL ASLEEP FASTER BUT WAKE UP MORE DURING THE NIGHT AND HAVE VERY DISRUPTIVE SLEEP AND DO NOT FEEL REFRESHED IN THE MORNING WHEN THEY USE ALCOHOL AS A SLEEP AID." ONCE DIAGNOSED WITH SLEEP APNEA, FRANK BEGAN USING A CPAP MACHINE WHICH HELPS KEEP THE AIRWAY OPEN WHILE BREATHING AND SLEEPING AT NIGHT. I'M BACK ON MY EXERCISE REGIMEN, I'M SLEEPING PROPERLY, USING THE CPAP THINGS SEEM TO BE WORKING."
